

### Defining the "Why" (Understanding)

אנגלית אקדמית משתמשת לעיתים קרובות ב"בקיזור" או "התשובה נמצאת ב" כדי לסכם נקודות מורכבות.

Academic English often uses "in short" or "the answer lies in" to summarize complex points.

#### Tasks:

1. Based on the text, which of these goals is the **primary** focus of ABA?

סמן תשובה אחת:

- To study how people feel about their environment.
- To use scientific methods to improve behaviors that are socially important.
- To write history books about how human behavior used to be.

2. **Short Answer:** In your own words, what does the text mean by "socially significant behavior"?

(כתוב במלל חופשי בעברית)
